Supporting the energy network

## Simon Kidston

**Executive Director  
Genex Power**

Simon Kidston has an investment banking and project finance background with more than 25 years global experience with groups such as Macquarie Bank and HSBC.

Simon is a co-founder and Executive Director of Genex Power, and has responsibility for project finance and business development.

After successfully developing the 50MW Kidston Solar Project, he is currently focused on securing funding arrangements with banks and equity partners for the 250MW Kidston Pumped Storage Hydro Project and the 270MW Kidston Solar Project.

### **About Genex Power**

Genex Power Limited is an Australian publicly listed company on the ASX (under the code 'GNX'), focused on generation and storage of renewable energy.

Genex is developing a renewable energy hub in north Queensland, integrating large scale solar with pumped storage hydro.

The Genex Kidston Renewable Energy Hub is a world first, innovative integration of intermittent solar energy with low cost energy storage creating "Renewable Energy On Tap".
